Description

A total captivating piece of natural artistry. Crafted from a cross-section of petrified wood, it showcases the intricate patterns of tree rings and organic textures, now fossilized into stone. The plate's earthy hues and unique marbling make it an exquisite and eye-catching decorative item. Its durable, polished surface adds a touch of elegance to any space, whether displayed on a stand or used as a functional centerpiece. This one-of-a-kind piece tells a story of ancient forests and the passage of time, making it a conversation starter and a striking addition to your decor.
